CK 55 L - for crystal-clear sound at an unbeatable price.

The CK 55 L is an incredibly small, inconspicuous, affordable clip-on microphone that delivers incredibly clear sound even under the most adverse conditions. Built to AKG's proverbially stringent quality standards, the cardioid condenser capsule provides high sensitivity and a natural, clear sound. Its frequency response has been optimized for intelligibility and features a bass rolloff that minimizes low-frequency mechanical and cable noise right at the source. With the supplied clip for easy and secure attachment to the user's clothes, the CK 55 L is the ideal choice for lecturers, preachers, tour guides, or video production use. The CK 55 L is compatible with AKG WMS wireless systems.
